Notes to Financial Statements

For the period ended June 30, 2011

1 . Organization

Assumption Mutual Life Insurance Company

Assumption Mutual Life Insurance Company « Assumption Life » is the issuer of the variable deferred annuity policies in respect of which the Assumption Life Investment Funds, « the Funds », were created. Assumption Life is an insurance company incorporated as a mutual life insurance company on March 30, 1968, under a private law of the Province of New Brunswick's Legislative Assembly. Assumption Life is currently doing business in all of the Canadian provinces. The Head Office is located at 770 Main Street, Moncton, New Brunswick, E1C 8L1.

2 . Funds

During the year, the following funds were established:

- Assumption Growth Portfolio
- Assumption Balanced Growth Portfolio
- Assumption Balanced Portfolio
- Assumption Conservative Portfolio
- Assumption/Fidelity Far East Fund
- Assumption/AGF Global High Yield Bond Fund
- Assumption/AGF Emerging Markets Fund
- Assumption/AGF Global Resources Class Fund

Each Fund is a segregated Fund established by Assumption Life. The Funds follow the guidelines on individual variable insurance contracts relating to segregated funds established by the Canadian Life and Health Insurance Association Inc. The Assumption Life Funds are managed by Assumption Life; the Louisbourg Funds are managed by Louisbourg Investments Inc.; the Montrusco Bolton Funds are managed by Montrusco Bolton Investments Inc.; the Fidelity Funds are managed by Fidelity Investments Canada Limited; the CI Funds are managed by CI Investments Inc. and the AGF Funds are managed by AGF Funds Inc.

The Assumption Life Funds invest in units of a number of underlying funds, while the Louisbourg Funds, Montrusco Bolton Funds, Fidelity Funds, CI Funds and AGF Funds invest in units of only one underlying fund.

The following are the segregated funds established by Assumption Life:

Assumption Life Funds

- Assumption/Louisbourg Balanced Fund
- Assumption Growth Portfolio
- Assumption Balanced Growth Portfolio
- Assumption Balanced Portfolio
- Assumption Conservative Portfolio

Louisbourg Funds

- Assumption/Louisbourg U.S. Equity Fund
- Assumption/Louisbourg Canadian Dividend Fund
- Assumption/Louisbourg Canadian Equity Fund
- Assumption/Louisbourg Fixed Income Fund
- Assumption/Louisbourg Money Market Fund

Montrusco Bolton Funds

- Assumption/Montrusco Bolton Canadian Small Capitalization Equity Fund
- Assumption/Montrusco Bolton TSX Momentum Fund

Fidelity Funds

- Assumption/Fidelity True North[®] Fund
- Assumption/Fidelity Overseas Fund
- Assumption/Fidelity Global Health Care Fund
- Assumption/Fidelity Global Technology Fund
- Assumption/Fidelity Canadian Opportunities Fund

Fidelity Funds (continued)

- Assumption/Fidelity Europe Fund
- Assumption/Fidelity Canadian Asset Allocation Fund
- Assumption/Fidelity Monthly Income Fund
- Assumption/Fidelity American Disciplined Equity[®] Fund
- Assumption/Fidelity North Star[®] Fund
- Assumption/Fidelity Far East Fund

CI Funds

- Assumption/CI Global Managers[®] Corporate Class Fund
- Assumption/CI Synergy American Fund
- Assumption/CI Signature Canadian Bond Fund
- Assumption/CI Harbour Growth & Income Fund
- Assumption/CI Signature High Income Fund
- Assumption/CI American Value Fund
- Assumption/CI Synergy Global Corporate Class Fund
- Assumption/CI Global Small Companies Fund

AGF Funds

- Assumption/AGF International Stock Class Fund
- Assumption/AGF Dividend Income Fund
- Assumption/AGF Global High Yield Bond Fund
- Assumption/AGF Emerging Markets Fund
- Assumption/AGF Global Resources Class Fund

3 . Summary Of Significant Accounting Policies

The financial statements are established in accordance with Canadian Generally Accepted Accounting Principles (GAAP). The establishment of the financial statements in accordance with these principles requires estimates and assumptions made by management that affect the amounts of assets, liabilities, income and expenses presented in the financial statements and the supplementary notes. Significant accounting policies used in preparing the semi-annual financial statements are consistent with those used in preparing the annual financial statements. The semi-annual financial statements should be read in conjunction with the Funds' December 31, 2010 annual audited financial statements.

The significant accounting standards followed by the Funds are as follows :

Valuation of investments

Investments are categorized as held for trading in accordance with Section 3855, "Financial Instruments – Recognition and Measurement" ("Section 3855") and are recorded at their fair value.

Investments in underlying funds are valued at the closing net asset value of the units owned as established by the manager of the underlying funds at the valuation date. Section 3855 requires the fair value of financial instruments to be measured based on investments' bid/ask price depending on the type of investment and investment position (long/short). Section 3855 results in a different valuation method for calculating daily net asset value. For the purpose of processing contractholders transactions, net asset value is calculated based on the closing market price (referred to as "Net Asset Value"), while for financial statement purposes net asset value is calculated based on bid/ask price (referred to as "Net Assets").

As each of the Funds invest solely in units of one or more underlying fund, Section 3855 does not impact the Funds' valuation of investments since the Funds' investments are priced based on the Net Asset Value per unit of the underlying fund or funds. Accordingly, the Funds' Net Asset Value per unit and the Net Assets per unit figures are the same.

Notes to Financial Statements

For the period ended June 30, 2011

3 . Summary Of Significant Accounting Policies (continued)

Investment transactions and income

Investment transactions are accounted for on the trade date which is the date the order to buy or sell is executed.

Interest income is recorded on the accrual basis. Dividend income is recorded on the date of record. Distributions from underlying funds are recorded when declared by the underlying funds.

Realized gains (losses) on sale of portfolio investments are determined as the net of proceeds of sale and original cost if acquired in the current year, or the net of proceeds of sale and fair value at the previous year end, if acquired prior to the current year.

Unrealized gains (losses) on portfolio investments are determined as the excess (deficiency) of fair value over book value of portfolio investments held. Book value is determined as original cost plus (minus) prior year end cumulative unrealized gain (loss).

Unit valuation and valuation date

Net asset value per unit is determined each day at the close of trading of the Toronto Stock Exchange and remains in effect until the next close of trading at which time the determination of the net asset value per unit is made. The unit valuation for each Fund is made by dividing the total value of the Fund's net assets by the total number of units outstanding in the Fund.

Future accounting changes

In January 2011, the Accounting Standards Board (AcSB) of the CICA approved a further one year deferral of adoption of IFRS for investment companies, which include investment funds. Investment companies may continue to apply existing GAAP standards until fiscal years beginning on January 1, 2013.

4 . Financial Instruments Risks

Risk management

The Funds invest solely in units of underlying funds and are exposed to a variety of financial instruments risks: credit risk, liquidity risk and market risk (including interest rate risk, currency risk and other price risk). The level of risk to which each Fund is exposed depends on the investment objective and the type of investments held by the underlying fund.

The value of investments within an underlying fund portfolio can fluctuate daily as a result of changes in prevailing interest rates, economic and market conditions and company specific news related to investments held by the underlying fund. The underlying fund manager manages the potential effects of these financial risks on the Fund's performance by employing and overseeing professional and experienced portfolio advisors that regularly monitor the fund's positions, market events and diversify investment portfolios within the constraints of the investment guidelines.

The Funds do not manage their underlying funds and therefore the quantitative and qualitative risk disclosures have not been disclosed. For further information on the financial instruments risks of the underlying funds and the sensitivity to price changes, please refer to the financial statement of the underlying funds. You will also find risk disclosures in the Funds' Information folder on the Company's web site, www.assumption.ca.

Credit risk

Credit risk is the risk that a security issuer or counterparty to a financial instrument will fail to meet its financial obligations. The fair value of a debt instrument includes consideration of the credit worthiness of the debt issuer. The carrying amount of debt instruments represents the credit risk exposure of each underlying Fund.

Liquidity risk

Liquidity risk is defined as the risk that a fund may not be able to settle or meet its obligations on time or at a reasonable price. The underlying funds are exposed to liquidity risk through daily cash redemptions of units. The majority of the underlying funds' investments is traded on an active market and can therefore be readily realized.

Interest rate risk

Interest rate risk arises when an underlying fund invests in interest-bearing financial instruments such as a bond. The underlying fund is exposed to the risk that the value of such financial instruments will fluctuate because of changes in the prevailing levels of market interest rates. In general, as interest rates rise, the price of a fixed rate bond falls, and vice versa.

Currency risk

Currency risk is the risk that financial instruments that are denominated or exchanged in a currency other than the Canadian dollar, which is the Funds and the underlying funds reporting currency, will fluctuate due to changes in exchange rates. However, the underlying funds are exposed to currency risk to the extent that their investments are denominated or traded in a foreign currency.

Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk). The value of each investment is influenced by the outlook of the issuer and by general economic and political conditions, as well as industry and market trends. All securities present a risk of loss of capital.

5 . Capital Management

The Funds consider their net assets to be their respective capital. The capital of the Fund is managed in accordance with the Fund's investment objectives. The relevant capital movements are disclosed in the Statement of Changes in Net Assets of each Fund. The Funds have no restrictions or specific capital requirements.

Notes to Financial Statements

For the period ended June 30, 2011

6 . Fair Value Of Financial Instruments

The Funds are required to classify financial instruments measured at fair value using a fair value hierarchy. CICA handbook Section 3862, Financial Instruments – Disclosures establish a fair value hierarchy that prioritizes the inputs to fair value measurement. The three levels of the fair value hierarchy are:

Level 1: Quoted prices are available in active markets for identical investments as of the reporting date. Quoted price for these investments are not adjusted even in situations where a large position and a sale could reasonably impact the quoted price.

Level 2: Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date.

Level 3: Pricing inputs are unobservable. The inputs into the determination of fair value require significant judgment or estimation.

The Funds invest only in other investment funds and these investments are all classified as level 1.

7 . Other Administrative Expenses

Included in "Other Administrative Expenses" are all fees (except for the management fees payable by the Funds), and all other expenses incurred during the ordinary course of business in relation to the establishment, management, and operation of the Funds. They include, among others, legal fees, audit fees, safekeeping fees, administrative fees, bank charges, registration fees with regulators, the production and distribution of financial data, taxes and any other expenses incurred for the operation of the Funds.

8 . Management Fees

Management fees means the fees charged to administer the Funds. Management fees also include management fees of the underlying funds, so there is no duplication of management fees. Insurance fees, for the cost of the guarantee at maturity and guarantee upon death, are included in the management fees. Management fees, expressed as a percentage, are deducted daily from the assets of each Fund before calculating its unit value.

The management of the Assumption Life Funds is carried out under the overall authority of the Board of Directors of Assumption Life, which subcontracts the management of the Funds to Louisbourg Investment Inc., whose shares are owned by Assumption Life (60%), Montrusco Bolton Investments Inc. (15%) and 647439 NB Inc. (25%). The company 647439 NB Inc. is 100% owned by some managers of Louisbourg Investments Inc. Louisbourg Investments Inc. is responsible for the investment analysis, recommendations, decisions, and the purchase and sale of the securities in respect to the Funds.

The Louisbourg Funds, the Montrusco Bolton Funds, the Fidelity Funds, the CI Funds and the AGF Funds are managed, on a day-to-day basis, by Louisbourg Investments Inc., Montrusco Bolton Investments Inc., Fidelity Investments Canada Limited, CI Investments Inc. and AGF Funds Inc. As managers, they are responsible for the investment analysis, recommendations, decisions, and the purchase and sale of securities for the Funds.

9 . Income Taxes

The Funds are deemed to be inter-vivos trusts under the provisions of the Income Tax Act (Canada) and are deemed to have allocated their income to the contractholders. Each Fund's net capital gains (losses) are deemed to be those of the contractholders. Accordingly, the Funds are not subject to income tax on their net income, including net realized capital gains for the year.

10 . Comparative Figures

To conform to the presentation adopted in the current year, certain amounts from prior years have been reclassified.

11 . Investments of Underlying Funds

The financial statements of the underlying funds are available upon request by contacting Assumption Life.

WHY CHOOSE **Assumption Life?**

Assumption Life offers you solutions that are flexible, secure, and affordable, as well as:

- Sound advice
- Innovative products
- Diversified selection of investments
- Skilled, professional managers
- Competitive performance
- Reduced administration fees

Through our subsidiary Louisbourg Investments and its partnership with Montrusco Bolton, and by means of our strategic alliance with Fidelity Investments, AGF and CI Investments, we are equipped to help you build a prosperous future.

We have been meeting the needs of our clients successfully for over 100 years. We constantly strive to maintain and cultivate this special relationship by offering you quality financial products and services.
